

### Odontorhynchus aculeatus

Lower Tithonian, Lithographic Limestone,  
Bavaria, Germany.

No image

Stolley E., **1936**, *Odontorhynchus aculeatus* novo. gen. novo. sp., Ein neuer Rhamphorhynchide von Solnhofen. Neues Jahrb. Min. Geol. Pal., Beilage-Band 75, 543-564.

**NOTE:** *the use of this generic name is confusing since it is occupied by a number of species.*

The pterosaur *Odontorhynchus* Pelzeln 1868, in which the type specimen is lost.

The flatworms *Odontorhynchus aculeatus* Karling 1956 and *Odontorhynchus lonchiferus* Karling 1947.
